Re: Drinking Water State Revolving Fund Project No. 20107
Water Benefit Area No. 3
2026 Water Infrastructure Improvement (WIIA) Grant

Dear Supervisor Kirch:

On behalf of Governor Kathy Hochul, I am pleased to inform you that your community has been awarded a New York State WIIA Grant for the above-mentioned project.

Your WIIA Grant has been awarded in an amount not to exceed \$4,183,620, based on the information provided in your application, including the total estimated eligible project costs.

To facilitate the advancement of this project, members of the EFC team will contact you to provide guidance regarding program requirements and next steps. To remain eligible for these funds, your community must demonstrate continued progress toward executing a Project Finance Agreement. EFC reserves the right to revoke this award if sufficient progress is not made toward execution of the Agreement.

We appreciate your interest in the WIIA program and your commitment to improving water quality in your community. We look forward to working with you to advance your project.

Sincerely,

A handwritten signature in black ink, appearing to read "M-C", likely representing Máire Cunningham.
